**Clarification of News Report**

This is to inform the Philippine Stock Exchange, Inc. ("PSE") that with respect to the news article entitled "DFNN expects profit for 2015" published in the March 9, 2016 issue of The Philippine Star, which reported in part that: "Publicly-listed information technology firm DFNN expects to have swung into the black last year. Net earnings were seen to have reached between P25 million and P30 million, a marked turnaround from the P84.14 million loss incurred in 2014. . . .", the reporter, Miss Iris Gonzales, appears to have misconstrued data disclosed pertaining to DFNN's fourth quarter 2015 financial guidance numbers.

The numbers are only forecasts for the fourth quarter ended Dec. 31, 2015 and not forecasts for 2015 year-end numbers. This was made clear in the earlier disclosure sent to the PSE dated March 7, 2016.

Please note that several other articles dated today have correctly stated our sentiments regarding our fourth quarter 2015 guidance numbers. These articles include:

1. "DFNN projects Q4 2015 turnaround" in The Manila Times;
2. "Gaming tech firm sees higher earnings" in Philippine Daily Inquirer;
3. "DFNN turned around operations last year" in Business Mirror; and
4. "DFNN revenues reach as much as P80M in 2015" in Business World

Rest assured that we are calling the attention of the reporter to correct any misunderstanding they may have had based on our official Press Release as submitted to the Philippine Stock Exchange.

We trust you will find the foregoing in order.
