

Gaming, tech firm gets new COO

Diversified Financial Network Inc. (DFNN), the country's leading IT solutions provider, systems integrator and provider of gaming technology products, services and solutions, has a new chief operating officer (COO) in Ricardo "Ricky" Banaag. Banaag was Intel Philippines' country manager for over 16 years.

DFNN focuses in 2015 to expand its electronic

gaming machines (EGM) footprint under the Instawin gaming platform, strengthen and reinforce its back-end IT infrastructure to be ready for on-line/mobile gaming, build up the gaming expertise and experience of management, and continue strengthening its business relationships and partnerships with other entities and providers in the gaming industry.
